LG Smart Range Sync

Connect your compatible Wi-Fi enabled LG microwave and range through the ThinQ® app to enjoy the convenience of automatic pairing. Your microwave's **vent & light** will automatically turn on and off when your range cooktop is turned on or off, so you won't have to lift a finger when cooking.

ExtendaVent™ 2.0

Reduce smoke and lingering cooking smells with LG's ExtendaVent™ 2.0. Where most over-the-range microwaves only cover the rear of the cooktop, ExtendaVent™ 2.0 expands to provide powerful ventilation over more of your cooktop for 2x the capture rate*.

*Based on LG internal testing as compared to an LG microwave without ExtendaVent™. Results may vary depending on food type and cooking methods.

One Body Frame

Seamless, Modern Design

Elevate your kitchen with a sleek over-the-range microwave that delivers on both style and practicality. The **WideView™** window offers a modern point of view and the intuitive **SmoothTouch™** glass controls complete the look while providing effortless operation, with just a touch of a finger.

Cooktop high: This reflects how quickly the most powerful element could raise a large pot of water from room temperature to a near boil.

Cooktop low: This reflects how well the lowest-powered element or burner kept a low temperature as for melting chocolate. We also set the most powerful element to its lowest setting to test its ability to hold a large pot of tomato sauce below a boil.

LG EasyClean®

LG EasyClean® delivers the fastest oven-cleaning feature yet. In 10 quick minutes your oven can be clean, without strong chemical fumes or high heat. Simply spray the oven interior with water, press EasyClean® and then in 10 minutes, quickly wipe away any leftover grime.

This is all made possible by our unique oven liner that LG has developed over years of research & development. By combining both Phosphorus & Silica based porcelains it creates a liner that is not only easy to clean when water is introduced (hydrophilic), but is also extremely durable and will last for many years.
