LG OLED TV

OLED B4 Series

LG OLED B4 4K Smart TV

83"

- * Class size: See below for details.
- Self Lit Pixels
- Home Theater Experience with Dolby Vision,
 Filmmaker Mode and Dolby Atmos[®]
- webOS 24 & LG Channels
- α9 Al Processor
- Ultimate Gaming

DESCRIPTION

Discover the next level of picture quality and technology

The unmatched beauty of self-lit OLED pixels in the LG OLED B4 is more than meets the eye. Keep pace with the action with a native 120Hz refresh rate for smoother movement whether you're gaming or watching sports. Entertainment extras like Dolby Vision™,* Dolby Atmos®* and FILMMAKER MODE™ give you the big-picture experience straight from your couch.

*Dolby, Dolby Vision, Dolby Atmos, and the double-D symbol are registered trademarks of Dolby Laboratories Licensing Corporation. Manufactured under license from Dolby Laboratories. Confidential unpublished works. Copyright © 2012–2024 Dolby Laboratories. All rights reserved.

KEY FEATURES

α9 Al Processor

Refined picture, powered by AI

No more fiddling with picture settings. The $\alpha 9$ Al Processor 4K with Al Picture Pro identifies the type of content you're watching to automatically select the ideal setting and fine-tune the picture for the best watching experience and with Multi View with 2 screens lets you split your screen into two unique views so you can watch even more than before.

*Muti View may display 1-HDMI input, screen share, or select apps.

Ultra Slim Design

Less is more

The LG OLED B4 blends into the background with an almost invisible bezel for a seamless look. When you're finished watching, display paintings, photos and other content to blend the LG OLED B4 into your space.

webOS 24 & LG Channels

A galaxy of entertainment at your fingertips
No matter which TV you choose, your LG TV makes it
easier than ever to find what you need and more.
Browse all your favorite streaming apps and let LG
Channels connect you to 100+ free channels of
sports, fitness, cooking and more.*

*Internet connection and subscriptions to streaming services are required; number of LG Channels subject to change.

Self-lit Pixels

Picture that wows from scene to scene

LG's signature OLED technology creates an incredible watching experience and stellar picture quality illuminated with over 8 million self-lit pixels. Take in rich and accurate Colours from the brightest to darkest parts of the scene thanks to 100% Colour Volume* and with 100% Colour Fidelity.

*Display Colour Gamut Volume (CGV) is equivalent or exceeds the CGV of the DCI-P3 Colour space as verified independently** by Intertek.

**Third-party testing conducted by Intertek showed the Colour fidelity of the display is 100% based on CIE dE 2000 Colour difference metric calculated for 125 Colour patches distributed across the entire Colour colour. Colour difference (Delta-E) value was less than 2 for each of the 125 Colour patches.

Ultimate Gaming

Game with the power of LG OLED

Packed with gaming features, the LG OLED B-Series comes with everything you need to win. Experience crisp, smooth imagery from a 0.1ms response time and native 120Hz refresh rate. All LG OLED TVs have NVIDIA G-Sync, AMD FreeSync Premium and VRR to further improve gaming quality. Four HDMI 2.1 inputs allow you to plug in all the devices you need. Whether you game on consoles or on the cloud,* the LG Game Dashboard and Game Optimizer put all the control at your fingertips.

 ${\rm *Subscription\, and\, compatible\, gaming\, controller\, are\, required.}$
